EXPERIENCE

PDSoft Technologies, UI Ibadan — *frontend developer*

Sep 1, 2023 - Present

- Ensuring the user interface is intuitive and user-friendly by implementing best practices in usability and interaction design.
- Working closely with UI/UX designers, backend developers, and other stakeholders to integrate frontend code with backend systems and APIs.
- Keeping up-to-date with the latest frontend technologies, trends, and best practices to continuously improve skills and stay competitive in the field.

Tech Diversity, Ikoyi lagos — *Junior frontend developer*

Jan 3 - July 1, 2023

- Collaborated with a cross-functional team of designers and developers to create responsive websites and web applications, following industry-standard coding practices and optimizing for performance.
- Maintained and updated existing codebase, identified and fixed bugs, conducted thorough testing to ensure the highest quality code.
- Using version control systems like Git to manage and track changes to the codebase, and collaborating with other developers using branching and merging strategies.
